GRAND BALLROOM ★ WALDORF ASTORIA ★ MAY 27, 1958

Lafayette Fellowship Foundation, Inc.

Devoted to the cause of liberty, Lafayette, together with many of his fellow citizens, came to our support at a time when we desperately needed aid. On many occasions since, Americans and Frenchmen, side by side, have joined in the defense of their lands and freedom.

We cherish the historic friendship between the Republic of France and the United States of America. This bond adds strength to the foundations of world peace. In the memory of Lafayette, it is a privilege to reaffirm our common devotion to liberty and to pledge anew the friendship he helped establish long ago.

— Dwight D. Eisenhower
President of the United States of America

(From a statement issued August 27, 1957, on the occasion of the Lafayette Bicentennial.)

This soldier of liberty of both our countries and champion of the friendship which unites them remains for us, too, the hero of devotion to the noblest of causes: the cause of the dignity of man.

We do not forget those who, faithful to his example, twice crossed the Ocean, in their turn, under outstanding leaders, to ensure, by their valor, the triumph of liberty.

— René Coty

President of the Republic of France

(From a message sent to President Eisenhower on the occasion of the Lafayette Bicentennial September 7, 1957.)

Lafayette Fellowship Foundation, Inc.

The basis of the Lafayette Fellowship Foundation, Inc. is the conviction that in the present struggle for men's minds, it is vital that potential leaders of the French nation develop a better understanding of America.

To this end, the Lafayette Fellowship Foundation was established to provide two-year scholarships to exceptionally gifted young French students for graduate studies in American universities. Our program affords these young people the opportunity to acquire first-hand knowledge of American social and economic organization, which it is hoped will prove of mutual benefit when they participate in the political and economic life of their own country.

This program provides a unique opportunity to perform a service of great value in our own national interest. It carries on the tradition of the Marquis de Lafayette who once said, "Liberty must always be a living thing, never laid away in the archives."
